

VITI / VINI

Night harvested by hand to preserve freshness and aromatics. Immediate pressing followed by cold settling. Aged on fine lees with occasional bâtonnage. Careful oxygen management preserves freshness while allowing reduced sulphur additions.

TECHNICAL FACTS

Country: France
Region: Picpoul de Pinet, Languedoc
Producer: Domaine Morin-Langaran
Winemaker: Caroline Morin
Variety: Picpoul
Farming: Sustainable
Vineyard Size: 60 hectares
Age of Vines: 1960s–1980s
Production: 2,160 bottles
Soils: Calcareous clay & sandy loam

MONTEREY WINE COMPANY

PERDU PICPOUL

THE PRODUCER

Domaine Morin-Langaran is a historic family estate dating to 1330. Today Caroline Morin combines generations of family tradition with a contemporary approach focused on freshness, precision and expressing the unique coastal terroir surrounding the Bassin de Thau.

FUN FACT

Authentic Picpoul de Pinet can only come from the small coastal appellation surrounding the Bassin de Thau, making it a true regional specialty rather than an internationally planted variety.

VINEYARD

Approximately 60 sustainably farmed hectares on calcareous clay and sandy loam soils. Cooling maritime breezes help preserve acidity while developing bright citrus fruit, mineral complexity and a subtle saline character.

SUSTAINABILITY

Sustainably farmed vineyards supported by thoughtful cellar practices that reduce sulphur additions through careful oxygen management. Lightweight bottle (420g) from approximately 86% recycled glass.
